# Community Education Advisory Council

## **PURPOSE:**

- 1) To sponsor, promote and assist in the development of Community Education programs and services, according to state guidelines.
- 2) To provide a “sense of community” in support of projects.
- 3) To advise the Director of Community Education on matters that related to the responsive development of Community Education in the Kenyon-Wanamingo School District.
- 4) To assist in recognizing and recommending solutions to community concerns.
- 5) To maintain relations with sources of support on local, state and/or national levels.

## **GOALS:**

- 1) To advise program staff on appropriate policies and to monitor policy consistency for the Community Education programs.
- 2) To advise the Director on budgets related to Community Education services before a recommendation is made to the School Board.
- 3) To provide input on appropriate facility rental policies and procedures for all school district buildings as developed by the School Board Policy Committee and Director and prior to being recommended to the School Board.
- 4) To assess and address, on an ongoing basis, the needs of the community for growth and direction of the Community Education program.
- 5) To make recommendations for improvements that can be made in Community Education programs.
- 6) To cooperate with others to serve the community to work toward common goals and identify overlapping responsibilities or voids in service.
