104 SCHOOL DISTRICT MISSION STATEMENT

I. PURPOSE

The purpose of this policy is to establish a clear statement of the purpose for which the school district exists.

II. GENERAL STATEMENT OF POLICY

The school board believes that a mission statement should be adopted. The mission statement should be based on the beliefs and values of the community, should direct any change effort and should be the basis on which decisions are made. The school board, on behalf of and with extensive participation by the community, should develop a consensus among its members regarding the nature of the enterprise the school board governs, the purposes it serves, the constituencies it should consider, including student representation, and the results it intends to produce.

III. MISSION STATEMENT

The School Board is committed to the education of all students appropriate to the best of their individual abilities. The School Board must be constantly aware of the concerns and desires of the whole community regarding the quality of and performance of the school system, with the Board assuming an educational leadership role.

Our mission at Kenyon-Wanamingo Public Schools is to create a caring partnership among students, family and community to maximize each learner's academic potential, physical and social development.

IV. REVIEW

The school board will review the school district's mission every two years, especially when members of the board change. The school board will conduct a comprehensive review of the mission, including the beliefs and values of the community, every five to seven years.
