

Dear Preschool Families,

Thank you for being so understanding as we move our preschool instruction to a distance learning model. We hope what we have set up for you is clear and works for your family.

You will receive an email each Monday, Wednesday, and Thursday morning with the following items:

Morning Message - Please read this each day to your child

Question of the day - Please read this to your child and have them tell you their answer

Home Helper Job- This is in replacement of helpers in the classroom

Link to a read aloud

Link to a lesson (Letter/Rhyme, Second Step, Science)

Link to a movement activity

Weekly Website

The links are prerecorded and not live so you can watch at your leisure.

The bag you are getting is for the parents. This is VERY important, children should not be digging and grabbing things out of the bags. There are weekly bags in the tool kit along with extra supplies and activities. Some children brought home a manila folder with activities in it last week, if you were not here it will be in your bag as well. These packets can be used as a supplement to the weekly work. We are always available for questions and support and will be connecting with you frequently via email, phone, mail, and video.

Bags include:

Eight weeks of lessons – divided by week (each week also has a craft)

Folder with supplemental work

Crayons

Scissors

2 Glue Sticks

Journal

Play do with name play do mat

Practice name sheet with Dry Erase Marker
